## WOULD RESTRAIN CITY COLLECTION OF ASSESSMENTS

Washington St. Residents  
Want To Avoid Payment  
For Paving.

SHARE LEVIED ON  
SIX VACANT LOTS  
Injunction Would Change  
Assessments On All  
Vacant Lots.

In a suit that may, if a permanent injunction is granted, change the entire street improving program of assessments in the city, Harriet I. Coe and Frank Troy Cope, in a petition sent through their attorneys, Metzger & McCarthy, to the court at Lisbon Thursday, seek to have the city of Salem restrained from collecting certain assessments for the improvement of Washington st., that were levied against the six lots owned by the plaintiffs.

On April 5, 1921, city council passed an ordinance declaring that Washington st. needed improvement from McKinley to Franklin and on Sept. 18, 1923, a special assessment levy for the improvement was ordered.

The six lots owned by the plaintiffs are in Hamilton Howell's addition, and the assessment aggregates \$1,419.24 for 267 feet. One of the lots, No. 22, is vacant, and the plaintiffs claim the assessment of \$555.20 is 33 1/3 per cent more than the actual value of the lot, and that therefore 66 2/3 of the assessment is unlawful according to sections 3819 and 3835 of the general code of Ohio.

The court, in the petition, is asked to permanently restrain the city from collecting any or all of the \$555.20, or any sum that may be found unlawful, the sections of the state law being quoted as proof of the contention.

Should this permanent injunction be granted owners of vacant lots all over the city where a street improvement is ordered or desired, the vacant lots will have to be based on a different front foot assessment value than other lots, complicating the work of common.

City Solicitor L. B. Harris will appear to fight the injunction that the two residents ask. He will attempt to prove that the lot assessment of \$1419.24 for the total assessment of \$1419.24 for the lot is lawful, and on the same basis as other lots.

## MACCABEE RALLY IN CITY APRIL 24

Date For District Meeting  
Of Women Announced;  
Deputy Present.

A district rally of Maccabee women will be held in Salem Thursday afternoon and evening, April 24.

The date for this event was set at a meeting Thursday evening of Salem review No. 23, Woman's Benefit Association of the Maccabees, at which Mrs. Catherine Shindler, of Cleveland, district deputy, was present.

Salem review has been asked to have charge and to put on the first degree at the afternoon session and to give a fancy drill in the evening.

A covered dish supper was enjoyed at 6 o'clock and after the meeting there was a social period.

## OFFICE TO CLOSE FOR FUNERAL OF RECORDER REARK

On account of the death of County Recorder John R. Reark, that office in the court house will be closed all day Saturday.

Mrs. Myrtle Steffell, daughter of Mr. Reark, who was appointed by the county commissioners Thursday to fill out the unexpired term of her father, which will extend until Sept. 1, 1925, has been sworn in.

Miss Bertha Brown will continue as chief deputy. No changes in the clerical forces of the office are contemplated.

Many court attaches will attend the funeral of Mr. Reark in East Liverpool Saturday afternoon. All court house offices close at noon on Saturday, but that of the recorder will remain closed all day.

Lisbon Pastor Will  
Review His Service  
Lisbon Feb. 15.—A general review of the activities of the Lisbon Presbyterian church during the last five years, the length of time the Rev. P. W. Macaulay has been pastor of the church, will be reviewed by the minister.

Thursday will close the fifth year for Rev. P. W. Macaulay as the pastor of this church, and a special anniversary service for Sunday morning is being planned as a result.

## Car's 40-Foot Plunge Kills Three Persons

New York, Feb. 15.—Three persons were instantly killed and a fourth perhaps fatally wounded when their machine plunged down a 40-foot embankment in Bronx park early today.

The machine skidded on the snow, ran over the sidewalk and plunged through a railing, dropping 40 feet.

The machine turned completely over and the occupants were pinned beneath the car.

## POTTER ENDS LIFE AFTER HE WOUNDS FELLOW WORKMAN

Quarrel Results In Double  
Shooting In Pottery;  
Victim Will Live.

East Liverpool, Feb. 15.—Believing that he had killed J. Grahl, 37, a fellow worker, Howard Fox, 35, of 913 Dresden ave., killed himself at 2:30 p. m. Thursday at the Colonial pottery in the River rd. when he turned the weapon upon himself, the bullet penetrating his temple, lodging in his brain.

The shooting came as the result of a brewing quarrel between Fox and his victim, according to a statement by Grahl, at the hospital last night.

Attending physicians are confident of Grahl's recovery, neither of the two wounds, one in the right arm and the other in the right side, being serious.

In explaining the shooting last night Grahl said that he and another man who had been working in the shiproom, Jacob Parsons of Beechwood, both declared they were going to quit Wednesday—Grahl declaring that Fox had persecuted him so long that he couldn't stand it.

He declared that Fox, when told of his intention, said to him: "Well, I guess that I'll quit, too."

Yesterday, he said he changed his mind and he and Parsons returned to the pottery and went to work.

Fox, according to Grahl, appeared in the morning and seeing him working, declared, "Somebody'll pay for this."

"I told him, it's no fault of mine," Grahl said.

This conversation he declared took place at noon. The gunplay followed about two hours later.

## Arthur Smith Takes Part With Marines In Great Maneuvers

Taking part in the greatest peacetime maneuvers ever held by the land, sea and air forces of the United States, Arthur T. Smith of this city is now with a detachment of U. S. Marines in the West Indies.

His name appears on the official list of Marines with the maneuver forces in the Caribbean.

The maneuvers began early in January and will not be completed until the last battleship returns to its home port in May or June. Certain problems in connection with the defense of the Panama Canal and regular battle practice by the ships of the Atlantic and Pacific fleets are being held.

Arthur joined the Marine corps at Pittsburgh, Pa., Jan. 23, 1923, and is now with the Third Signal Battalion on the island of Culebra. He will return to his regular station, Quantico, Va., when the maneuvers are over.

## 2 DIE, 9 MISSING IN HOSPITAL FIRE

Montpelier, Vt., Feb. 15.—Two persons were killed and nine others are missing and eight injured persons are in a hospital as a result of a fire which destroyed the Lawrence building here today.

W. G. Washburn, and Mrs. Emma Waterman, were killed when they leaped from a window and missed a life net firemen had spread.

## Children To Hear Valentine Stories

Valentine stories will be told at the Story Hour at 10 a. m. Saturday at the Salem Public Library by Misses Margaret Woodruff and Helen Flick.

This work is under the direction of Miss Mary Holderman of Salem Community Service. All children are invited.

## Woman Delivers Gas For Execution

Mrs. Tom Pickett, wife of a Nevada state official, drove her car from Los Angeles to Carson City with the tank of lethal gas used in the execution of George J. Davis, first man to die by that means. The gas was too dangerous to be shipped by rail. She foiled several attempts to intercept her thrilling drive across the deserts.

## Ferren Premature In Announcement

Term Of County Auditor To  
Which He Aspires Will  
Expire In 1926.

Announcement by Mayor A. W. Ferren of East Palestine that he will be a candidate for county auditor this year is quite premature, for the reason that no county auditor is to be elected at the fall election.

The term of county auditor has been extended by the legislature to four years, and there will be no election for this office until 1926.

The county officers to be filled by election this year include those of sheriff, county commissioners, treasurer, clerk of courts, probate judge, recorder and county surveyor.

County Auditor Charles E. Hamilton is now serving his second term and has three years to occupy that office, or until January, 1927.

Another change in the law having to do with county offices, is the extension of the term of county surveyor or effective with the election next November. The term of this office for the next period has been extended until January, 1929, the law being designed so that all county surveyors will take office Jan. 1, instead of during the mid year, as has been the custom under the old law.

There are two commissioners to elect at the November election, the terms of Commissioners John F. Kerr of Salineville and Patrick McNicol of East Liverpool expiring with the close of the present year.

Miss Jo Pike will have no opposition, it is said, for re-nomination to a second term as county treasurer, and it is also said that County Surveyor Lloyd C. Kirk will be unopposed.

The death of County Recorder John R. Reark, who intended to be a candidate for a third term at the August primary, now leaves the field open to any.

## SUBMITS CHARGES CONCERNING COAL LANDS IN ALASKA

Grave Charges Filed With  
President By Alaskan  
Railroad Builder.

Washington, Feb. 15.—A new tempest over public lands similar in many respects to that now raging over the government's oil leases was brewing in Washington today.

Grave charges concerning the handling of the vast Alaskan coal lands by Secretary of the Navy Denby and ex-Secretary of the Interior Fall, were laid before President Coolidge by John E. Ballaine, builder of the original Alaskan railroad, and foremost champion of Alaskan conservation.

Ballaine's charges were contained in a letter sent President Coolidge in and in support of them he cited facts and figures taken from the files of the navy and interior departments. Briefly summarized they are:

1.—Secretary of the Interior Fall and Secretary of the Navy Denby began negotiations as early as July, 1921, for the transfer of the naval coal reserve in the Matanuska fields from the navy to the interior department and for leasing that reserve for a period of 50 years.

The negotiations and the terms agreed upon by the two secretaries in this coal reserve ran along lines parallel with the terms concerning Teapot Dome.

2.—No lease for the Matanuska coal reserve was executed. But the net result was that naval mining operations in the Matanuska fields were transferred by Denby to the interior department, and abruptly closed in May, 1922, at a time when the navy had a Chickadee ready to produce 250 tons a day, with 600,000 tons of coal tens a day, with Salineville and with 200,000 tons of the same quality in sight by diamond drilling in the Coal Creek district.

3.—Admiral J. K. Robinson, chief of the navy bureau of Engineers, Admiral E. W. Eberle, chief of naval operations, recommended that Matanuska coal under no circumstances be used by naval vessels, despite the findings of a naval board that this coal was far superior to Pocahontas coal, present naval standard for fuel efficiency.

4.—The house of commons this afternoon declared that all the political parties in England are afraid of the prohibition issue.

She was speaking in support of the Welsh local option drink measure at the time.

## Wait New Recorder To Seal Instruments

Because of the death of County Recorder John R. Reark, no instruments are being recorded officially in the recorder's office.

In order to save time however mortgages and transfers are being placed on the record, but the "sealing" of the instruments cannot be done until Mrs. William Steffell is sworn in and her bond accepted by the commissioners.

## BOY'S MURDERER CONFESSES, TELLS STORY TO POLICE

Young Man Says He Crushed  
Youngstown Boy's  
Head By Kicking Him.

Youngstown, Feb. 15.—Joseph Clarence Kane, 20, murderer of six-year-old Paul Prolog, is under arrest and has made a complete confession of the crime.

Kane was surrendered to the police at 10:35 by his brother, Bernard Kane, after he appeared at his home, earlier in the night. He had crushed the boy's head by kicking him.

According to his brother, Joe came home about 6:30 p. m. Thursday and was told that he was wanted.

He confessed innocence of the crime. After eating his supper he changed his clothing and was taken to the police station.

Kane at first denied any knowledge of the crime, stating that he had been in Cleveland the night before.

Officers were sent to his home to get the clothing he had discarded. Bloodstains were found on them.

After questioning by the police, Kane broke down and admitted the crime.

"I called for the boy about 8 p. m. and told him I was going to take him for a sledding. We started toward Lincoln park. I bought him some candy.

We then went to the park arriving there about 9 p. m. I made an improper proposal to the child, and he refused. I then took off his garments and kicked him."

He told how he had disposed of the body.

## ROBERTS CHOSEN AS PROSECUTOR

Philadelphia Lawyer Named  
After Withdrawal Of  
Strawn's Name.

Washington, Feb. 15.—President Coolidge today selected Owen J. Roberts, a prominent Philadelphia lawyer, to succeed Elias H. Strawn of Chicago, as one of the special counsel to prosecute the naval oil leasing cases.

Appointment of Roberts followed the withdrawal of Strawn, who was opposed by senators because of his banking connections.

Roberts is not well known in Washington. His selection by the president is understood to have been made upon the recommendation of Senator Pepper, Republican, Pennsylvania, and others of the Pennsylvania delegation in congress.

## ANDLER SECURES VERDICT OF \$500 IN DAMAGE CASE

Damages of \$500 have been awarded by a jury in the case of William Andler of Leetonia, against the United Iron & Steel Co., operating a plant at Leetonia.

The case has been on trial before Judge William F. Duncan at Lisbon for several days and Tuesday the jury visited Leetonia to secure the "local color" to the situation.

Three before the plaintiff has sought damages from the defendant interest because of the clogging of a stream through Leetonia and causing water to flow into cellar of the hotel of the plaintiff, which is located about opposite the Pennsylvania railroad station in Leetonia.

## Auditor Gets Check Of \$3,667 As Share Of Auto Tag Moneys

County Auditor Charles E. Hamilton Thursday received a check for \$3,667.20 from the secretary of state to be apportioned among the different taxing districts of the county as auto license fees due each at the close of business Jan. 31.

East Palestine led the county with a credit of \$1,888.40, with Salineville second with a credit of \$543.59.

Other distribution was ordered as follows: County portion \$449; Columbiana \$70; East Liverpool \$194; Hamanovon \$4; Leetonia \$14; Lisbon \$62; New Waterford \$84; Rogers \$32; Salem \$122; Wellsville \$213.39.

The settlement of for licenses issued during the December and the early part of January, as the funds were received in Columbus from the different registrar's offices.

## RUMORS, GOSSIP ONLY BASIS FOR HIS STATEMENT

Financier Tells Senate Committee He Has No  
Facts Other Than Gossip; Statement  
Draws Sarcastic Comment.

Washington, Feb. 15.—In an uncomfortable two hours on the witness stand today before the senate oil investigating committee, Frank L. Vanderlip, New York banker, admitted that he had nothing but "rumors and gossip" to back up his sensational insinuations concerning the sale of the Marion Star by the late President Harding.

Members of the committee took turns questioning the banker and criticizing him for having brot least his startling insinuations against the dead president, and also against the committee itself.

In the same speech in which he suggested an investigation of The Star sale, Vanderlip had also cast reflection upon the senate committee, declaring that he had heard the committee had abandoned further questioning of Albert B. Fall, because of the theory that he would "peach" on those in higher places.

Vanderlip met this line of criticism today by steadfastly asserting that he believed he had "rendered a public duty" while repeating the rumors in such a fashion as to draw public attention to them and result in their being cleared up, a defense of his own conduct which drew sarcastic comment from members of the committee.

In vain did the questioning senators seek to determine Vanderlip's source of information. To all questions of this character he replied that he had heard "rumors and gossip" from "many places," and either did not remember or did not care to state where he heard them.

He had no information of facts "other than gossip," he said repeatedly.

Admits He Was Wrong.  
Under a continual fire of questions from senators of both parties Vanderlip finally admitted the committee had done "exactly right" in not questioning Fall any further, when such questioning might give the ex-secretary a constitutional immunity against criminal prosecution. He had not known of this phase, he said, at the time he made his reference to the committee.

Under Burson's questioning, Vanderlip said he did not have a "single thought" to support the implied allegation against Harding.

"Do you have any evidence or any facts relating in any way to this case?" asked Senator Dill, Democrat.

"I have no knowledge of my own, or any facts relating to the oil scandal," Vanderlip admitted, adding that his speech was prompted because the country was "suspicious."

## HISTORY OF HARDING NEWSPAPER SALE IS REVEALED BY BRUSH

Washington, Feb. 15.—Refuting entirely the sensational insinuations concerning the purchase of the Marion Star, from the late President Harding, Louis H. Brush, Salem, O., and Roy Moore, Marion, today submitted to the senate public lands committee a complete statement revealing among other things that the price was \$380,000, and not \$550,000, as stated by Frank A. Vanderlip.

The history of the transaction was related to the committee in a statement by Mr. Brush, read by Mr. Moore.

"The developments that have brought the Marion Star into this investigation have resulted in the publication of many unfounded and distinctly unfair stories that are very harmful to our business as newspaper publishers, reports, for example, that the price was excessive, and in particular the statement in a New York newspaper that the Star had proven an unprofitable investment for us.

"For these reasons I ask you to permit me to give you this complete explanation of the negotiations and the consummation of the entire deal.

"Our negotiations with President Harding for the purchase of The Star were made possible by our very intimate personal acquaintance with Mr. Harding over a period of 25 years. During this time we were constantly advising each other with our newspaper plans and problems.

"At our first conference with him he told us of having declined an offer through a newspaper broker representing another Ohio publisher of a price higher than he had asked of us, and frankly stated that he would not sell his paper to anyone if we did not buy it."

At the conclusion of the statement which went into detail concerning the purchase of the Marion paper, the senate committee gave the purchasers a clean bill of health, eliminating all cause for any rumors or gossip in connection with the deal.

## BARRIERS SMASHED TO RUN "SLUSH" RUMORS DOWN

Washington, Feb. 15.—All barriers in the senate naval oil reserve leasing investigation were smashed down today.

Flooded for weeks with persistent reports of a vast "slush" fund sent from New York "to buy off high governmental officials," senate oil investigators abandoned all secrecy and came out into the open to run the rumors to the ground.

For days the committee has been working quietly on "tips" that Wall Street financiers sent a million dollars to a Washington bank to be used in making up stock gambling losses by federal officers. Expert accountants have been going over books of brokers of Washington, New York and Cleveland.

Told by the accountants, however, that the brokers "have succeeded generally in covering up deals connected with government officers," the committee determined to go to the source of the rumors and summoned several New York financiers.

Frank A. Vanderlip, assistant secretary of the treasury under President McKinley and former president of the National City bank, who cast insinuations upon the late President Harding in connection with the sale of the Marion (O.) Star, was the first of the financiers subpoenaed. Unable to hear him at yesterday's sensational session, the committee instructed Vanderlip to be ready to explain his charges and tell whether they were founded merely on "gossip."

Edward McLean, Washington publisher, also was under a summons. In addition to asking him about the "slush" fund, the committee wanted McLean to produce the checks for \$100,000 which he said he gave ex-Secretary of the Interior Albert B. Fall, who returned them uncashed. Charges of a grave character have been laid before the committee in connection with these checks.

"Slush" Fund Rumor  
Others who will be asked to appear include Otto Kahn, New York financier; Harry Payne Whitney, race horse owner, and a member of the syndicate which handled stock of the Mammoth Oil company, a Sinclair subsidiary controlling Teapot Dome; Benjamin F. Yocum, of the Cotton Belt Lines railroad; officials of New York and Washington banks.

These men however, were said by committee members not to be involved actively in the "slush" fund operations, which were declared to have been directed for the financiers and federal officials by a man who occupied enviable connections with the Harding administration.

E. L. Doney also may be recalled, (Continued on fourth page.)

## More Light

AMERICAN industry, like the dying Goethe, is crying for "more light." The benefit to be derived from it, as reported by a lighting research laboratory, is almost incredible.

Tests just completed are said to indicate that better lighting would add \$2,500,000,000 a year to the production of American industry.

This conclusion is based largely on the results obtained in a factory making automobile bearings. With other factors all remaining the same, it was found that the addition of light costing 2.3 per cent as much as the pay roll so improved the efficiency of the workers that it raised the production as much as would have been done by a 12.5 per cent increase in the number of employees. Thus better lighting, after paying for itself, was like a gift of one unpaid workman for every 10 employed in the factory.

Tests in many kinds of work all uphold these conclusions. And there are other important benefits. Not only do the workers, seeing better, produce more per day, but what they do is better done. They are more cheerful, too. And the better light saves their eyes and conserves their health.

Similar observation shows the value of good lighting on city streets to prevent accidents and promote traffic. On a well lighted street traffic can move faster and more safely than it can on a poorly lighted street. In many places traffic jams might be avoided in this way.

Offices and other places where clear vision is important are hardly ever as well lighted as they should be for the most effective result.

Often a room can be made light enough merely by using lighter colors on the walls. But the lights themselves cost absurdly little, for the value they give. Light is one of the cheapest things purchasable.

## Edison Changes Mind

EDISON so self-confident a thinker as Thomas A. Edison may change his mind. He has done so about two things on which controversies he started are still raging.

Instead of maintaining that his famous questionnaire system is well-nigh infallible in sifting out human minds, he says in a recent interview: "The questionnaire system does eliminate the unfit to a certain extent, but something more is needed for the selection of a good man."

That accords with common sense and experience. Often a mind not quick enough to answer a list of questions satisfactorily is powerful enough to make a great success in its chosen field of work. Often, too, the clever question answerer fails because he lacks moral qualities. Recent psychological studies of business men suggest that moral traits have more to do than mental traits with material success.

Mr. Edison says also: "The American college is good, in that it forces young men to learn something they don't want to." Grudging as this tribute is, it touches a truth about college training which many other observers have overlooked. It is not what a man learns in college that helps him to succeed in later life so much as the fact that, if he has done his college work tolerably well, he has accustomed his mind to taking hold of new, difficult studies, working on them and mastering them. Such a mind must have a big advantage, in business and professional life.

## Calm Law Enforcement

GEN. BUTLER, the American St. George who went into Philadelphia the first of the year to slay the dragon of municipal vice and crime, has now decided to quit spectacular methods. He orders the police to "cut out the hippodrome stuff." There will be no more sensational drives and round-ups.

The crusade is off, because the crusader finds that circus methods, while bringing wonderful publicity returns, do not accomplish much real good.

With honest humility, Gen. Butler confesses that he has sinned more than the police in this respect, and offers, as his only excuse, the fact

that he was "unduly excited and over-enthusiastic."

There is no indication that this means a confession of failure and an intention of relinquishing the job and arming Philadelphia over again to the vicious and criminal. Gen. Butler has simply discovered that an American city cannot be cleaned up as if it were a savage jungle, and that calm, steady, fearless administration of the law from day to day is worth more than all the pyrotechnic reform stunts in the world.

Miss Libert declares the good health that Tanlac brought her is worth a bank full of money.

Miss Pearl Libert

"The good health Tanlac brought me is worth a bank full of money, but it cost me less than five dollars," is the striking statement made recently by Miss Pearl Libert, a charming young Toledo woman, who resides at 722 Stickney ave.

"For months before I started taking Tanlac persons indignation had me terribly run down. Every meal was followed by painful gas formations that interfered with my breathing, extreme nervous spells and violent headaches. My sleep was also very broken."

"Tanalac quickly set me right again. I gave me a really wonderful appetite and rebuilt my nerves and strength so nothing rattles or disturbs me. Now I can work all day and feel fine when night comes. I have also gained fifteen pounds. Tanlac is grand."

Tanalac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

## PERRY TOWNSHIP LEADS COUNTY IN DELINQUENT TAX

Salem, Feb. 15.—More delinquent taxes have been certified by County Treasurer Jo Pike to County Auditor Charles E. Hamilton, in Perry township, than any other district in Columbiana county.

Taxes are delinquent on 256 lots in Perry township, and the largest holder of these lots is given as Milton A. Mosley.

Only 10 pieces of land in Perry township have been certified as delinquent, and in Salem city 39 lots have been listed as delinquent.

More lots have been listed as delinquent in Columbiana than in East Liverpool, there being 82 lots in Columbiana upon which taxes have not been paid, while in East Liverpool there are only 80.

Columbiana is next highest in number of non-paid lots, having 47 to credit, while in Wellsville there

are only 13 lots upon which no taxes have been paid.

In Salineville there are 12 lots on the delinquent list, and the same number is listed delinquent in East Liverpool.

Since the list of delinquents has been announced, a number of charges have been paid, so that the amount of delinquent taxes is decreasing almost daily.

22, 23, and 24. The reports from the district assure a large attendance.

The faculty of the institute will be headed by Dr. W. H. McMaster, president of Mt. Union college, who will have as associates Bruce Baxter, W. B. Armstrong, Miss E. Rosenkrantz, Frank W. Hoffer, D. Carl Yoder, I.

## Mid-Year Institute For Epworth League

Alliance, Feb. 15.—The first annual mid year institute of the Canton district of the Epworth league will be held at Mt. Union college, Feb. 21.

## Bloomberg's Prices Will Make A Friend of You in 5 Minutes

We know a local man who, on account of a certain locally made purchase, was dead sore on anything sold in Salem.

As luck would have it—his 20-year-old son needed a suit—quick! No time to send away.

In came son and "sore man" and wife.

Out came our Michaels-Stern Suits at \$30 and \$35—the sale progressed—the tailor was called to mark the sleeves for shortening and here is what our new customer told us—

"Gentlemen, you've surprised me—I came in here with a chip on my shoulder but your prices have taken it off and I take off my hat to your values and your way of doing business."

## SOCIETY

## Mrs. Bush Entertains

Among the noteworthy social events of Thursday evening was the prettily appointed dinner given by Mrs. Amos Bush in the Baptist church parlors for members of the King's Daughters class and their husbands.

In the room where the dinner was served the class colors, purple and gold, were combined to beautify it. Ten yellow candles were used on the tables and piano.

Miss Anne Beers and Miss Rebecca Davis, in valentine costumes, served the guests, who numbered 50. Mrs. H. B. Morris, Mrs. Alfred Harnish and Mrs. Edith Bailey also assisted with the meal.

As the guests marched to the table a piano selection was played by Miss Juanita Jones. The invocation was given by Rev. G. A. Beers. This program was given.

Selection by the Sunday school orchestra; reading, Alton Beers; piano, Harry and Lois Roller, Locust Grove; vocal solo, Anne Beers; reading, Mrs. Amos Bush; vocal solo, Alton Beers. Miss Jones played while the guests were drawing valentines from a box. Preceding the dinner the Sunday school orchestra, composed of 10 pieces, gave an hour's entertainment.

The invited guests were Mrs. W. P. Davis, Mr. and Mrs. Earl Allen and Mr. and Mrs. Charles Werner. This event was much enjoyed by the guest.

## N. B. Club Party

Valentine decorations and spring flowers made the home attractive at a very enjoyable party given by the N. B. club Thursday evening at the home of Mr. and Mrs. Scott Herbert, Roosevelt ave., at which the members entertained their husbands.

An original humorous paper written by Mr. and Mrs. Herbert which had something to say about each member and her husband, provided much mirth. The hours were enlivened with music, readings, talks, games and "stunts" and a lunch was served.

So appreciative were the men of the entertainment provided by the women that they have decided to entertain them at some future date.

Mr. and Mrs. Edgar Derr were invited guests.

## Helping Hand Class

At a social meeting of the Helping Hand class of the M. E. church Thursday afternoon at the church, Mrs. C. H. Hauger read a paper on "Valentine Day."

In a valentine game the prizes were won by Mrs. Kelley, Mrs. Bryan and Mrs. Fletcher.

Miss Florence Murray gave two pleasing piano selections, a reading was contributed by Mrs. Brown and Mrs. Murray had the devotionals. Mrs. Murray reported a birthday. The hostesses served refreshments.

## Luncheon Bridge

Mrs. Arthur Wilhelm presided over a luncheon bridge Thursday at her home, 11 East High st. Valentine novelties and red carnations made the table and home attractive.

Five tables were employed at bridge and prizes were won by Mrs. E. H. McClure and Mrs. J. B. Atchison.

Out-of-town guests were Mrs. A. L. Howe of Boston, Mass.; Mrs. B. L. Wetzel, Cleveland; and Mrs. E. H. McClure, East Palestine.

## Elite Club

A Valentine box for both grown ups and children added interest at a gathering of Elite club associates Thursday afternoon at which Mrs. Orrin Hunter presided at her home, Euclid st. Valentine decorations were used effectively in the lunch appointments. Mrs. Herman McCaw and Mrs. Harry Vogel were invited guests. Mrs. Charles Finck, Goshen rd., will be hostess at a meeting in two weeks.

## Thursday Afternoon Club

Honoring the birthday anniversary of Mrs. William King, the Thursday Afternoon club gave a dinner Thursday at her home, East Sixth st. Valentine decorations made the table attractive. Sewing was a diversion of the informal afternoon. In two weeks the members will meet with Mrs. Charles Cornwall, Brooklyn ave.

## Surprise Mr. Hannay

George Hannay was complimented with a surprise party Thursday evening at the home of his sister, Mrs. Margaret Grove, East Green st., when his club associates paid him an unexpected visit to celebrate his birthday and presented him with gifts. Five hundred and lunch were pleasures.

## McDaniel-McKenna

Louis McKenna, employed as a baker at Casper, Wyo., and formerly of East Liverpool, and Hazel McKenna, daughter of Mr. and Mrs. Robert McKenna, of East Liverpool, were granted a marriage license Thursday afternoon and were married by Rev. Fowler of East Liverpool.

## Kannit Club

For an all-day meeting members of the Kannit club met Wednesday with Mrs. Carrie Kelley, West Pershing ave. The time was devoted to quilting and Mrs. Kelley served a chicken dinner. In three weeks Miss Ella Gabriel, Damascus rd., will entertain the members.

## Thomas-Stephens

A marriage license has been issued to Cyril Stephens of Salem and Miss Cornelia Thomas, daughter of Mr. and Mrs. Daniel Thomas of Salem.

Mrs. C. H. Betts, Lincoln ave., returned Thursday evening from Pittsburgh where she visited relatives.

## Gold Star Party

Seventy-five people were interested in the Valentine party given by Gold Star auxiliary Thursday evening at the hall, Broadway. Decorations suggestive of this lent beauty to the scene.

The game of "hearts" and Mah Jongg were the principal diversions. At "hearts" Mrs. Earl Rogers, this city, won the first prize and the consolation honors went to Mr. Schaeffer, East Palestine. Prizes at Mah Jongg were awarded Mrs. G. J. Hawkins and her husband, Dr. Hawkins.

In the children's games, Ed. Lesch won honors in the heart guessing contest and heart pinning contest. In the heart puzzle Lee Oertel was the prize winner. Refreshments were served.

## Farewell For Mrs. Gilbert

Mrs. Raymond Gilbert, who leaves Monday for Warren to make her home, was presented a gift at a social meeting of Mrs. Thomas Spencer's class of the Presbyterian church Thursday evening at the home of Mrs. Elmer Schaeffer and Mrs. William Smith, Jennings ave. Mrs. Gilbert and Mrs. J. T. Darling were associated hostesses. The hours were enjoyed informally and plans were made to give a benefit supper some day in the future at the church. The March meeting will be at the home of Mrs. J. B. Stephenson, Tenth st.

## Compliment Bride-Elect

Complimentary to Mrs. Judith Jones, bride-elect of Ralph S. Coppock, of Jannasch, employees of the R. S. McCulloch company store, where Mrs. Jones is employed as bookkeeper gave a dinner party Thursday evening at her store. A lovely pink and white cake ornamented with hearts was the center piece on the table. Valentine favors were given.

The honoree was presented a beautiful gift of linen. The guests made merry with music, dancing and games. Mrs. Jones has resigned her position, effective Saturday.

## Entertain Friends

Charmingly decorated in red and white tones in keeping with the Valentine season together with sweet peas and spring flowers, the home of Mr. and Mrs. Edmund J. Blackburn, East Fifth st., was the center of an enjoyable party Thursday evening at which they entertained 14 friends including Miss Dorothea Coghoun and Howard Feicht, of Greenford. Games and dancing afforded pleasure and in one contest the honors were awarded Miss Lucille Stratton and Howard Feicht. The hostess served refreshments.

## Valentine Dance

About 85 couples attended the valentine dance given Thursday evening by Elmer Greenwalt, at the K. of P. hall, with the Harmony Seven furnishing the music. The hall was decorated in valentine colors and hats and valentines were given as favors. There were out of town guests from Alliance, Lisbon, Canton and Minerva. On Feb. 28 Mr. Greenwalt will give a "snow ball" dance, also to be held at K. of P. hall.

## Miss Grubbs Hostess

Mrs. J. B. Atchison and Miss Janice Hiddleston shared honors at bridge when Miss Elizabeth Grubbs entertained her club associates Thursday evening at her home, Cleveland ave. Miss Ethel Smith, East Palestine, was an out of town guest. In two weeks the members will meet with Miss Hiddleston.

## Valentine Dinner Party

Girls employed in the Mullins Body Corporation office were guests at a Valentine dinner party given by Miss Freda Johnson Thursday evening at her home, Washingtonville. The table was prettily decorated in valentine novelties. Games and music entertained.

## Goodwill Club

Goodwill club members were guests of Mrs. Ira Burton, Goshen rd., Thursday afternoon at her home. Needlework was a diversion while the members visited. The hostess served a lunch. The second Thursday in March the members will be guests of Mrs. Ross Culbertson, Rose st.

Miss Pearl A. Walker, Franklin ave., will leave Friday evening for Cleveland to spend the week end with friends and relatives.

Hattie Wolf, who has been confined to her home by illness the past three weeks, resumed her work at the Harroff grocery, Friday.

Harold Williams, traveling salesman for the Mishawaka Rubber Co. is spending several days at his home, East High st.

Miss Lillian Eberhart of Morgantown, W. Va., is visiting at the home of Miss Cecelia Helmick, Jennings ave.

Miss Laura Bartram of Newgarden, spent Thursday with Mr. and Mrs. Carl Camp, Newgarden st.

Miss Alice Cooper has returned from a several months' visit near Philadelphia.

Miss Marie Hirtz has accepted a position as clerk at the Lincoln Market.

Mrs. E. M. Steer of Damascus was a Salem visitor Thursday.

## BARRIERS SMASHED

Continued from First page  
Harry T. Sinclair, for whom a subpoena will be waiting when he arrives in New York from Paris, will be questioned about the fund.

Briefly, the story of the "slush" and as related privately to members of the committee is this:

High government officials, touching many that the leasing scandal has not already smeared with oil, made "killings" on the stock market in fact. The money thus made, they dumped in stock of an independent oil company, at whose head were said to be relatives of government officers and lost all the steel profits and thousands besides.

Joint-EaseFor  
Stiff, Swollen Joints

Rheumatic or Otherwise

Says: "When Joint-Ease Gets in—Joint Agony Gets Out"

It was a high-class pharmacist who saw prescription after prescription successfully on many obstinate cases to get rid of rheumatic swellings and stiff inflamed joints.

And it was this same man who asserted that a remedy could and would be compounded that would make creaky, swollen, tormented joints work with just as much smoothness as they ever did.

Now this prescription, rightly named Joint-Ease, after being tested successfully on many obstinate cases is offered through progressive pharmacists to the millions of people who suffer from ailing joints that need limbering up.

Swollen, twinging, inflamed, stiff, pain-tormented joints are usually caused by rheumatism, but whatever the cause Joint-Ease soaks right in through skin and flesh and sets rich to and corrects the trouble at its source.

Remember Joint-Ease is for ailments of the joints, whether in ankle, knee, hip, elbow, shoulder, spine or finger and when you rub it on, you may expect speedy and gratifying results.

It is now on sale at The J. H. Leas Drug Co., Fording's drug store, Bolger & French, and druggists everywhere for 60 cents a tube.

# S.S.S. stops Rheumatism

And with it pain and its probability of reaching the heart. "Rheumatism? Me? No, indeed, it's all gone, every bit of it! It's sunshine and joy for me now for the first time in years. I feel a wonderful glory

"My Rheumatism is all gone." again in the free motion I used to have when my days were younger. I look at my hands and think of the twists and swellings they used to have. I bend way over to the floor. I haven't been able to do that in many years. I can thank S. S. S. for it all! To me it was a rising sun of joy and liberty. Brothers and sisters in misery, do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. It is here and now for all of you. S. S. S. is waiting to help you. There is a reason why S. S. S. will help you. When you increase the number of your red-blood-cells, the entire system undergoes a tremendous change. Everything depends on blood-strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them. S. S. S. is the great blood-cleanser, blood-builder, system strengthener, nerve invigorator. It stops skin eruptions, too, pimples, blackheads, acne, boils, eczema. It builds up run-down, tired men and women, beautifies complexions, makes the flesh firmer. Start S. S. S. today. It is sold at all good drug stores. The larger size is more economical.

## 500,000 TESTS ARE MADE ANNUALLY BY STUDEBAKER

One hundred and twenty-five Studebaker engineers, metallurgists, chemists and mechanics today devote their time and thought to the development and tests of new ideas in motor car design, construction, operation and equipment.

These men play a vital part in the introduction of new models, such as the 1934 Studebakers; in better manufacturing methods and in constantly guarding the high standards in current production that have long made Studebaker a leader in big-volume manufacture of high quality, six-cylinder cars.

The laboratories in which these men work are designed, constructed and equipped at great cost to provide proper facilities for the intricate and painstaking work that must be handled.

500,000 Tests Annually Many thousands of dollars have been spent by Studebaker to equip these laboratories with finest testing devices, gauges and machinery. Hundreds of these are so finely constructed that they detect imperfections that only the powerful microscope would otherwise disclose.

Laboratory experts are given unlimited freedom in Studebaker's vast plants. They enter into every activity in their search for the ultimate in fine six cylinder motor car creation and construction.

Some select and test steel, iron, brass, wood, leather, glass and other raw materials and special equipment picked at random from the stream that flows incessantly into the various mammoth departments. Still others of these 125 men work out the correct design and check the finished product for satisfactory performance.

Each year more than 500,000 such tests are made in Studebaker laboratories. Guesswork in materials, methods, construction, operation and performance are thus eliminated.

## KIDNEYS MUST HAVE PLENTY OF WATER

Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter the acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water also get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the system or they no longer are a source of irritation to the bladder and urinary organs, which then act normal again. Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which may quickly relieve your bladder irritation. By all means have your physician examine your kidneys at least twice a year.

## Things to Know About Our Service

### Poor Nancy Hanks!

On February 12th we pay distinguished homage to Abraham Lincoln with all too little recognition of the magnificent mother who reared him.

Poor Nancy Hanks Lincoln died in her thirties, a tired, overburdened pioneer mother. Not one labor-saving device did she own. She spun the wool for the clothes and sewed them by hand. She washed on a board, cooked over a fire that she tended herself, groped her way about the windowless cabin in the uncertain light of the fireplace. She died 43 years before her son was inaugurated.

Somewhere in America today, another young mother is rearing a future president. Her household labors are lifted by electrical appliances. Electricity washes the clothes, cooks the food, cleans the rugs, lights the home.

This mother will live to see her son inaugurated, her span of years lengthened by electrical service.

## This Man Intends to Keep It in the House

"In May or June, 1913, I sent to you and got four bottles which were worth many dollars to me. They enabled me to go to work again. I had lost 40 pounds, but these four bottles of Dr. Williams' Pink Pills for Pale People gained back all I had lost and I feel like a new man since I shall keep it in the house all the time. It is a simple harmless preparation that removes the catarrhal action from the intestinal tract and away from the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince, or money refunded. At all druggists."

an oyster supper at the schoolhouse. Friday night. Games and music were features of the evening, 100 persons being present.  
Mr. and Mrs. C. F. Middleton of Mt. water, spent Sunday at the home of Mr. and Mrs. Clark Leyman.  
Mrs. Elizabeth Tomlin has received word of the serious illness of her sister-in-law, Mrs. Sallie Brasall, who is at the home of her son in Canton.  
Mrs. J. T. Stratton has received word that her nephew of Alliance is seriously ill with scarlet fever.  
There were no services held at the Banker Hill church Sunday because of the Sunday school convention held at Berlin Center.  
Mr. and Mrs. Clark Leyman and sons were guests of Mr. and Mrs. Charles Venable Monday evening at their home.

### HEALTHY WOMEN, HAPPY HOMES

Good dispositions succumb. Irrita-  
bility and snappy retort take the place  
of happiness and amiability. Sunshine  
is driven out of homes, in fact, they  
are often wrecked, and friends are es-  
tranged because women suffer with  
ailments peculiar to their sex. The  
use of Lydia E. Pinkham's Vegetable  
Compound will overcome such ail-  
ments and restore health and happi-  
ness. Do not resort to strong stimu-  
lants or narcotics when this great  
strengthening, healing remedy made  
from roots and herbs is always with-  
in reach.

## 50-Ton Drilling Rig Moved Like House

The Natural Gas Co. of W. Va. recently completed drilling a well 4,700 feet deep near Bolivar, O. Location for another well was decided upon about one-fourth mile from the former. This would necessitate the dismantling of the drilling rig, consisting of steel construction, 90 feet high and weighing about 50 tons. It was finally decided to move it upright and the Broomal Construction Co. was employed to do the work.

It was raised four feet, timbered, and mounted on three pairs of steel wheels. Six-inch square timbers four feet long were then laid solid and plank laid lengthwise for wheels to pass over. Two capstans were used to furnish the power, and the work proceeded much in the same manner as in moving houses. The above cut shows the rig being moved intact.

## WRITES NOVEL TO TANTALIZE WIFE, CHARGE

Mercersburg, Eng. Feb. 15 — Most men write novels for fame or wealth, but Herbert Maurice Fieldhouse was charged in court with writing his novel "Margaret," to tantalize his wife.

Mrs. Fieldhouse applied for a separation and charged cruelty. Among other things, she said, he had written this novel, containing glowing love passages in flattery of a bar maid. Hearing her husband was reading portions of his novel in public, Mrs. Fieldhouse admitted she had taken it from his wallet in order to read it herself.

Long excerpts were read in court, written in the best of sheik fashions and brimful of "wonderful eyes" and "glorious hair." Fieldhouse at first denied he had ever sought to make his wife unhappy and said that his friendship for Margaret was merely platonic. Counsel for Mrs. Fieldhouse read the following passage: "Breakfast over, I was still thinking

of the night before. \* \* \* I think of my parting with her of the night before, her face quickly turning toward me—yes, shining in the moonlight, putting her left hand on my shoulder, holding me close, giving me her lips, answering kiss with kiss, convulsively, passionately \* \* \*

"is that platonic friendship?" Fieldhouse was asked. "I must have been drunk when I wrote that," the defendant answered amid laughter. Mrs. Fieldhouse got her separation.

### MILLVILLE

## THEATRES

"Honey Boy" Minstrels. What is said to be the most colossal and mammoth consolidation of minstrel talent the modern stage has ever known, Gus Hill's minstrels, is the attraction announced at the Grand theater, Wed. Feb. 29. It is described by the management as the "Three Ring Circus of Minstrelsy"—a prodigious and gigantic array of famous comedians, singers and dancers.

Gus Hill's minstrels is replete with song, music, costumes, original settings, frivolity and unique entertainment embodying an inimitable and incomparable conglomeration of prizes, novelties and features. Among this all star aggregation of burnt cork celebrities can be found such well known comedians as Homer Meacham, Pete Detzel, Joe Carroll, Rags Leighton, Billy Monitor, Bob Tenny, John Rogers, Fred Freddy, Clyde Chain, Gene Pearson, Richard Barrow and 40 other famous blackface artists.

There will be a street parade at high noon.

"The Toll of Justice" received a great ovation from the picture lovers of Salem at its first showing at the Grand theater.

Twenty thousand robed Klansmen in full regalia were filmed at Buckeye Lake last summer during the great Klansville for this production and the author weaves them into the story in most creditable manner.

Paper when tightly compressed, is wonderfully durable. The wheels of a Pullman car are made of this material.

### GEORGETOWN

Announcement has just been made of the marriage of Paul Ritchie son of Mrs. Dora Ritchie and Miss Mary Bartges, daughter of Mr. and Mrs. Edward Bartges, which was solemnized at New Cumberland, W. Va., on Saturday, Dec. 8. The groom is an employee of the Harris Printing Co. of Salem, and the bride is a decorator at one of the Sebring potteries.

#### Birthday Dinner

Mr. and Mrs. George Bowman and children were present at a pleasant family gathering at the home of Mr. and Mrs. Frank Horner in Alliance Sunday. The event being a birthday dinner in honor of Mrs. Fred Mohr, mother of Mrs. Horner and Mrs. Bowman. About 25 relatives were present.

There was a meeting of the Lake Placencia company on Monday evening.

Mr. and Mrs. A. R. Haskins and the twins have been ill with grip.

#### Mrs. Somers' Funeral

Funeral services for the late Mrs. Ella Somers were held on Tuesday afternoon. There was a short service at the home followed by a service at the home followed by a W. H. Naffziger of Alliance, officiating. Relatives were present from Alliance, Salem and Columbiana.

#### Mrs. Kutz's Funeral

Following the services for Mrs. Somers the majority of the assembled persons waited at the church for the arrival from Alliance of the funeral party and body of Mrs. Linnie Kutz which reached here at 3:45 o'clock. A brief but impressive service was held by Dr. W. H. McMaster of Alliance, followed by interment in the cemetery on the hill. Mrs. Kutz was a former resident of this village.

### Mothers!! Apply Common Sense

THIS is the era of the prevention of disease and sensible people do not wait until sickness has actually come before remedying the trouble. The crowded hospitals everywhere are sad examples of the results of neglect. Be especially watchful of children. Restlessness, lack of normal appetite and feverishness usually indicate constipation. Stop it that instant with a spoonful of Dr. Caldwell's Syrup Pepsin and you will have prevented real sickness. Mrs. Ida Williamson of 1637 Pine St., Long Beach, Cal. and Mrs. Lou Braxley of Self, Ark., never have illness in the family because of their prompt use of Syrup Pepsin.

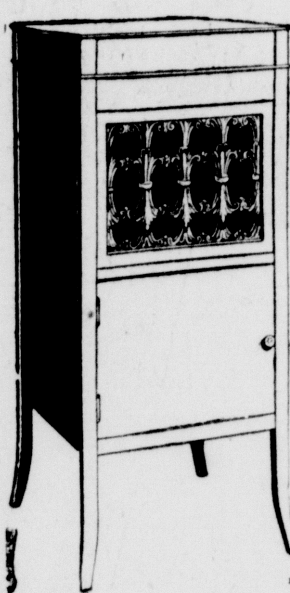

#### Three Rules of Health

Purchase a bottle of Syrup Pepsin at a drug store and always keep one in the family medicine chest. Give it to anyone from infant to grandparent, for it is safe, and the cost is less than a cent a dose. You can keep a family healthy with just this simple medicine. Give it for constipation, torpid liver, indigestion, biliousness, headaches, colds and other evidence of bowel obstruction. Dr. Caldwell, who was a practicing physician for 47 years and who originated this formula, had three rules of health that he found very effective among his patients and which you can follow with great benefit: Keep the head cool, the feet warm, and the bowels open.

#### A Great Family Laxative

It may be difficult to decide just what medicine to use out of the many that are offered, but it would not be if you knew the facts. There are laxatives, cathartics, purgatives and physics, and they vary in their reaction on the system. Naturally, the stronger the medicine the more it shocks the system, so wise parents never give anything but a laxative to children. Dr. Caldwell's Syrup Pepsin is a mild laxative, a vegetable compound of Egyptian

## ESTATE IS SUE BY SHOE COMPANY

The Cadwell Shoe Co. of Cleveland, through their attorneys, Blair & Rouse of Alliance, have filed a petition in common pleas court against Mrs. A. Rice, administrator of the estate of Mary L. Salt, late of Alliance, Ohio, and Charles E. Salt and Marie L. Salt of Alliance, to set aside a conveyance of real estate.

The petition recites that the deceased formerly operated a shoe store in Alliance and that the plaintiff is owed \$12,219.79.

It is also claimed by the plaintiff that Mrs. Salt sold to her son and daughter lot 541 in Montgomery's addition to Allianceville "for the consideration of \$1,000, and in contemplation of insurance and with intent to defraud Charles and Marie Salt as creditors to the exclusion of the plaintiff."

The court has granted leave to Emanuel Thomas, as guardian of Richard Thomas, to file an amended petition.

In the case of Mary A. Breitenstein against George H. Koyzes, a jury trial was waived and the case went to the court judgment and for costs. A motion for a new trial was overruled.

On motion of the plaintiff the case of Joseph D. Roddy against Charles Roddy has been dismissed by the court at the costs of the plaintiff.

Judgment by default for \$1,241 has been entered in the case of W. T. Wilson against W. S. Fowler, et al and for costs.

On motion of the plaintiff, the case of Grover C. Davis against Ida M. Davis, the case has been dismissed from the docket upon payment of costs.

A motion to correct description of property in the case of Margaret Whitstone against Charles Frederick has been agreed to by the court. The correction is to follow the case through the record.

A decree has been handed down marshaling and finding of liens and property in the case of M. H. Borge & Sons Co. against Benjamin F. Rafter. Sale of premises has also been ordered by the court.

In the case of Albert S. Ferrall, et al against Stephen Rider, et al, the matter has been dismissed from the record on the motion of the plaintiff and at the costs of Nettie Coen.

The case is one in which the sale of a farm in Fairfield township was questioned in the courts.

Of the 14 divorce cases listed for hearing Friday, Feb. 22, only two men seek freedom from their marital ties, while 12 women desire decrees of separation.

## SALEM LUTHERAN TEAMS WIN AND LOSE WEDNESDAY

The two Lutheran Cadet teams of Salem broke even in two games with Washingtonville Lutherans Wednesday evening. Washingtonville won the first game, while the Salem Senior outfit cleaned up with a 22-12 score.

The first game was not easy for Washingtonville, but the Salem team was not quite good enough.

With John Sanders and Schuler leading the attack with 10 points each the Lutheran Senior Cadets had things their own way and were too fast for their opponents.

## SAYS AMERICANS CAN'T WIN MANY OLYMPIC EVENTS

New York, Feb. 15.—Industrial victories in 20 events on the Olympic track and field program are conceded, even at this premature moment, to athletes of foreign countries by those in close touch with developments here, it became known today.

The estimate was furnished by an A. A. U. man, Finland, looming large daily as America's arch-rival, will score the major part of the European victories, our informant believes.

"Although the subject is rather carefully avoided, I think everyone familiar with the situation realizes that the Americans will be outscored in individual victories," declared this man, whose identity is withheld for obvious reasons.

"Where we expect to come through is on the basis of team strength. It would not surprise me if European athletes won at 1500 meters, 5,000

meters, 10,000 meters, the Marathon, the 3,000-meter steeplechase, the pole vault, the javelin, the discus, the shotput, the 10,000-meter walk, the 2,000-meter team race and the cross-country run."

## GIRLS STATE CAGE TITLE AT STAKE; BOYS OUT TO WIN

With the cheers of their fellow students at an inspiring rally held this morning still ringing in their ears, the two Salem High basketball teams will face two of their hardest games of the season tonight in the Salem High gym, meeting Struther's Boys and Girls squads, the first game at 7:30.

Coach Richtman is expected to start this lineup in the Boys game: V. Judge and Sartick, forwards; Houser, center; Coffee and Dixon, guards. The team is in fine shape and ready for the battle. There will be many

subs on the sidelines itching for a chance so the first five chosen will probably play their best to be able to stay.

In the first game, which will be just as important as the Boys and

perhaps more so in a way, the Salem Girls will line up with William Calkins and Captain Tinsman, forwards; Titus, center; Cosgrove and Stratton, guards. Coach Rohrbach is still undecided as to the center position.

## Tries Kellogg's Bran—restores health after 12 years of intense suffering

Mr. Firth writes that he suffered for 12 years from constipation and his friend for 10 years—a total of 22 years' suffering permanently relieved by Kellogg's Bran, cooked and krumbled.

Gentlemen: For 12 years I had been troubled with indigestion caused mostly by constipation. Until about a year ago, I would suffer from 4 to 29 weeks at a time.

I happened to see your Krumbled Bran in a store, purchased a package and got almost immediate relief. I am still eating the Krumbled Bran every day.

The most wonderful results obtained with your Krumbled Bran I will now relate. A gentleman who has been taking medicine for about 10 years for constipation

could not find anything to give him relief. Three weeks ago I advised him to try Krumbled Bran, as I had told him what wonderful results I had gotten from it. The gentleman in question purchased a box, and he told me that for the first time in ten years he is regular without taking medicine.

Yours for success,  
William Firth, Jr., 56 Volan St.,  
Merchantville, N. J.

Eaten regularly, Kellogg's Bran is guaranteed to relieve the most chronic case of constipation, or your grocer returns your money. Eat two tablespoonfuls daily—in chronic cases, with every meal. The flavor is delicious. Try it in the recipes on every package. Made in Battle Creek. Sold by all grocers.

## PURE FOOD SHOW

SATURDAY we are going to have with us MR. CRITTENDEN of THE HASEROT CO. to demonstrate their line of CANNED FRUITS AND VEGETABLES. We are going to give you special prices on these goods by the dozen this day.

### The Inside Story

ABOUT one hundred years ago, a French scientist discovered that fresh fruits and vegetables when properly sealed and sterilized, would keep fresh, sweet and wholesome for years. This started the industry of canning foods. Before that discovery, an enormous quantity of food was allowed to waste and rot because men did not know how to save it.

All is changed now! At every place where the soil and climate produces an abundant supply of fine fruits and vegetables, a cannery will be found. These factories are kept bright and clean. They are really like the spic-span kitchen of the particular housewife with this difference: they are under the eye of the government and are inspected critically at irregular intervals. In fact, the modern cannery is more sanitary than a dainty woman's kitchen, because it is constructed on sanitary principles and kept clean by the use of hot water and live steam.

Heat—and Heat Only  
There is nothing secret in the process of canning food. Nothing whatever is used but heat. No preservatives, no drugs, no noxious preparations can be used. It puts the June garden into the January pantry. It places the fresh fruits of the tropics on the tables of the northern peoples.

The contents of the cans—corn, peas, beans, tomatoes and fruits of all kinds—are gathered where grown, and are washed, cleaned and prepared almost entirely by machinery without being touched by hands. Being packed fresh near the gardens or orchards, they have a flavor which is not retained when they are shipped long distances, openly exposed to the air or dust, odors or decay.

Canned foods are not only delicious and wholesome, but they are economic and afford a well balanced ration. The use of canned foods will give you in your home GOOD LIVING AT LOW COST. It is a convenience to always have a liberal supply of canned foods on hand. No washing, cleaning, peeling, sealing, stringing is necessary. Most canned foods are ready for use right out of the can. Some require heating and seasoning. Fruits do not even require preparation. What a variety there is from which to choose: Apricots, Blackberries, Blueberries, Raspberries, Loganberries, Strawberries, Pears, whole white cherries, pitted red sour cherries, pitted sweet dessert cherries, Peaches, Pears, Pineapples, Plums, Grapefruit, fruit for salad. A longer list of vegetables in cans could be named.

Uncle Sam on Guard  
Cans must be full. The labels must tell the truth. If they do not, the goods are subject to confiscation and destruction under the laws of the United States.

At this point there may be an allowance for opinion. When produced by one maker, he may call it "fancy," while another maker would deem it only to be ordinary. In this fashion standards of grades have become established for each maker, and it is wise for the discriminating housewife to become acquainted with the brands as well as the grades appearing upon the labels.

The Haserot company of Cleveland have been identified with the growth and the development of the canned food industry for decades. The standards established by this firm are the highest and the reputation enjoyed by them in this country and abroad is creditable.
